

FALL 2019 – Final Evaluations, Physics 1B

How did your PLF shape your overall performance in the course?

- Helped understanding
- Definitely bettered my understanding for the course material
- Ok
- I am doing well
- He helped me understand the material better
- Spenser made this course possible. The concepts make sense b/c of PLF sessions. For the first time in physics, I feel confident that I will pass the class.
- The session was extremely helpful

How does your PLF help improve your study skills and/or writing techniques?

- Provides more concise explanations
- Helped me focus on important topics
- Very comprehensive review sessions
- Well
- He helped me improve my study habits
- Gave practice midterms & finals & extremely helpful worksheets each week
- The practice problems and test were perfectly tailored to class content

Describe the expectations you have for your PLF and/or your sessions. Does your PLF currently meet your expectations?

- They were met
- Above and beyond my expectations
- Yes, he met my expectations
- I expected the PLF to prepare me to do well in the class, yes
- He exceeded expectations
- I expected to have a safe space where I can ask questions & not feel put down. My expectations were met
- Exceeded expectations

Please write any suggestions or comments that you can offer about your PLF and the peer learning program to help improve our services.

- Be my PLF forever!
- Keep up the good work
